<input checked="" type="checkbox"/> Samir Srouji	<input type="checkbox"/> Paul Szymanski	
<input checked="" type="checkbox"/> Philip Conrad	<input type="checkbox"/> Sara Antonakos	

This meeting was called to order by Mark Johnson. This is Sam's last meeting as he will be graduating and the Committee thanked Sam for all of his work. Sam stated he enjoyed it and that students can be a real resource for the Committee. We talked about how students could be a resource both in presenting the eventual article at Town Meeting for the perspective of students as well as input into the design. A handout on the MSBA process from PMA who has been selected as the owner project manager for West Elementary was reviewed. We discussed arranging field trips to schools that had been renovated which Sandy will seek to arrange. There was a discussion of further outreach and what organizations we should try to make presentations to starting in September.

There being no further business, the meeting was adjourned.

 Mark B. Johnson, Chair
