

# Goals of Health Education

---

*A state-of-the-art health education program should emphasize:*

- 1. Teaching functional health information (essential concepts)**
- 2. Shaping personal values that support healthy behaviors**
- 3. Shaping group norms that value a healthy lifestyle**
- 4. Developing the essential health skills necessary to adopt, practice, and maintain health-enhancing behaviors**

**\*Centers for Disease Control (CDC)**

# Health Education Program embodies goals of Andover's Strategic Plan

---

## ○ Strategy 1.4:

*“Ensure that each school has a strong and healthy school culture that promotes a sense of participation, wellness, safety, and security for all students so students develop the social, emotional, and wellness competencies that will enable them to be self-aware, have interpersonal skills to self-manage, and to make responsible decisions.”*

# **ELEMENTARY LEVEL** **PROGRAM DELIVERY**

- **Grades 1 and 2: Lessons will be incorporated into physical education classes and taught in the gym**
